# Getting Started

## Create an account

Create a Healthcare.gov account by entering in your name, email, a password and answers to a few security questions.

Already have an account? Go ahead and log in.

# Tell Us About Your Family

Enter in some information about your family like your marital status, how many tax dependents you have, your expected income for this upcoming year and if you want to check to see if you can get help paying for coverage. Having some trouble with the immigration questions? [Click here](#) for some help.

**Stride Tip:** If Stride told you the government may pay for a portion of your health plan, then you should definitely click "Yes."

**Most of the following questions are pretty straight forward. But here's how to answer a few of the questions we think are a bit confusing.**

## **Are you offered health coverage through your job, someone else's job, or COBRA?**

If you are a Stride partner and not currently enrolled in or eligible for other qualifying health coverage (through a spouse, another employer), then you'll want to select "No."

## **Do you plan to file a joint federal income tax return with your spouse for the upcoming tax year?**

You will need to file jointly with your spouse if you want to receive a subsidy for this year.

## **Is anyone pregnant, or has anyone had a child in the last 60 days?**

If anyone in your household is pregnant or has had a child in the last 60 days you may be eligible for more government assistance.

## **Add your contact info**

Enter in your name, email, phone and home address.

**Stride Tip:** Be sure to enter your mailing address if it's different than your home address so you don't miss any important mail!

# Help Us Help You

Add Stride as your Broker so we can help you throughout the year. Sit back and relax while our healthcare experts take on solving any problems you may have throughout the year.

## Add Stride as your broker

Click the button that says “Another person is helping me complete my application.”

## Enter the following information in

First Name: Noah

Last Name: Lang

Select: Agent or Broker

Type in 'Stride Health'

NPN: 17068737

# Enter in Your Individual Information

Most of these questions are optional, but if any apply to you, Healthcare.gov may find you eligible for other programs.

# Tell Us About Your Income

Watch out, this section causes the most confusion! Follow along carefully.

## Current Income

For the section labeled “Current Income for [YOUR NAME]” enter in your income. Be sure to subtract your **business deductions** from this number.

## Deductions

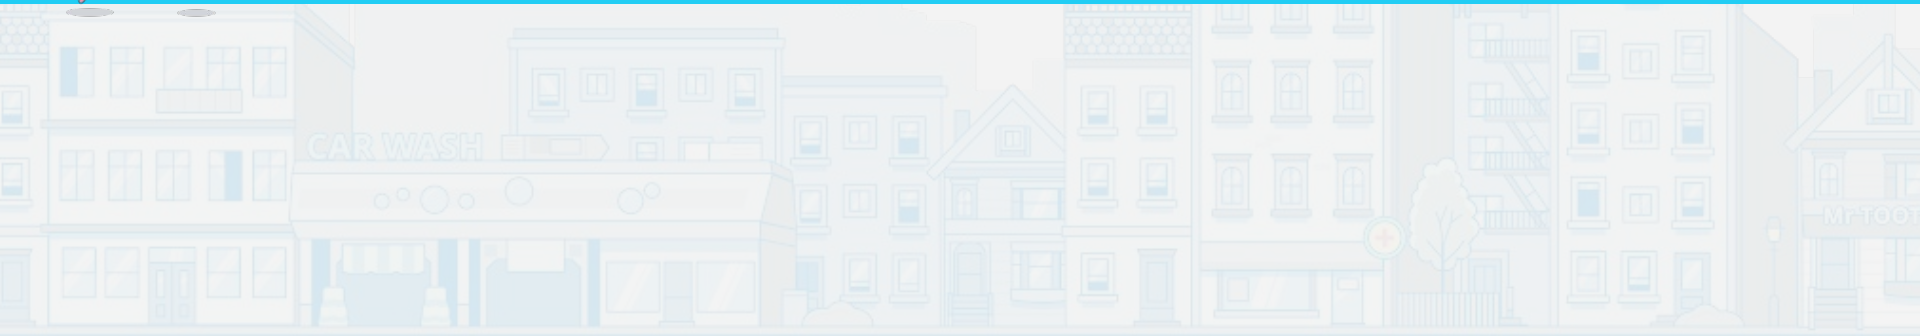

If you have any **personal deductions**, enter them in the section labeled “Deductions for [YOUR NAME]”. Some examples of this are student loan interest or alimony paid.

## Yearly Income

The section labeled “Yearly Income for [YOUR NAME]” **should match the income you input on Stride.**

**Stride Tip:** You can always change your income after you submit your application or anytime during the year.

# Current Coverage

Select “Yes” or “No” depending on whether you are currently enrolled in health coverage currently.

**Stride Tip:** Be sure to select “No” if your coverage is set to terminate by the end of this year. Generally, those enrolled in Medicaid, VA or any employer sponsored coverage should be answering “Yes” to this question.

If someone in your household was found not eligible for Medicaid or the Children’s Health Insurance Program (CHIP) in the last 60 days select their name below this section.

# Life Changes

Look through this list of life changes. Did any of these changes occur in the last 60 days? If so, select which one—you'll need to provide proof documentation later on.

Otherwise, move on to the next section.

# Let's Submit Your Application

Keep going, you're almost to the end!

## Your Income Data

Would you like Healthcare.gov to use your income data for the next couple of years? If not, indicate how often you'd like your eligibility to be renewed.

## Time to Submit!

Review your application to make sure everything looks correct.

## Things to Watch Out For

- Your 'Yearly Income' matches what you entered on Stride
- Your Tax Filing status; if you're married and filing separately you do not qualify for a subsidy! So be sure to choose the best option for your household.
- You entered in only members that you claim on your taxes

Once you're done, submit your application.

# Eligibility Results

This page tells you about your eligibility to enroll in a Healthcare.gov plan.

Sometimes Healthcare.gov requests that you upload some proof documentation. Make sure to note down what documents they are requesting and be sure to submit it on time (otherwise you could lose your coverage!)

**Stride Tip:** Be sure to check back into your account inbox after you submit your application. You'll get a letter from healthcare.gov with some extra details about your eligibility determination.

# Time to Pick Your Plan

Last step! Let's get you covered.

## Select Your Plan

Find your plan and click 'Select Plan'. If you are receiving a subsidy be sure to select how much of your assistance you'd like to use.

Select " Confirm and Check Out".

**Stride Tip:** You are not guaranteed coverage until you submit your first month's payment. To ensure that you are covered, submit your payment directly to your carrier after you enroll.

**That's it, you're done! Be sure to upload your eligibility documents on time. As a reminder, if you need any assistance throughout the year, feel free to call or email us—we're happy to help.**
